

Mrs. Amy Lally, M.A.Ed.

Grade 6, St. Angela Merici Parish School

Mrs. Amy Lally has been a teacher for five years. Her professional experience includes creating and implementing an educational program for mathematically-talented students at a prestigious independent school, and teaching mathematics for understanding to the exceptional students of St. Angela Merici in grades 5-8. Mrs. Lally's educational background includes earning an undergraduate degree in Elementary Education (K-8), minor in Mathematics from Baldwin-Wallace College, and a Mathematic Specialist graduate degree from Kent State University. Her educational specialties include technology integration, current best practices in mathematics education, and constructivism.

Mrs. Lally is very involved in extra-curricular activities at St. Angela Merici School. She is the head advisor of the Ski club, she provides weekly math extra help for students in grades 6-8 and she prepares students for math competitions. During Lent, she enjoys working with the sixth graders in preparation for the Living Stations. Each spring, Mrs. Lally takes her sixth graders to Camp Christopher to learn about environmental studies.

Mrs. Lally and her husband, Tom, are active members of St. Angela Merici parish. They are very busy running from football field to soccer field cheering on their five children. In their spare time, they love to travel, read books, swim, and take long bike rides in the Metroparks.

Our mission is to promote a safe environment where students achieve the highest standards of academic excellence and to live our Roman Catholic faith in service to others.
