Your 2010 Buckeye Best application has been reviewed and scored. The application contained questions about your school's policy and practices on three sections: physical education and activity, tobacco and nutrition education. Your section scores are displayed below. These scores are to help inform you of your school's strengths and areas that could benefit from some improvements.

Each of the three sections were worth 75 points each, along with 28.5 points for the questions in the "Application" section. Bonus points were also awarded for schools that had an interdisciplinary team involved in the application process. For certain questions that do not apply to all types of schools, those questions were removed for the school to which the questions did not apply.

If you have any questions regarding your scores, please contact Angela Norton at: (614) 466 - 6039, or via email at: [Angela.Norton@odh.ohio.gov](mailto:Angela.Norton@odh.ohio.gov).
