

PSR Philosophy and Policy Statement

- As the Church teaches, parents are the primary educators of their child. Our Parish School of Religion Program provides Religious Education classes to assist you in your role as parents.
- We presume that those who participate in our Parish School of Religion program are active parishioners, who attend mass weekly and contribute to the support of the parish.
- To support the parish community, we ask all families for a yearly contribution of at least \$500 (\$10 per week) in the offertory.
- For active parishioners who fulfill these guidelines, there is no fee for PSR or sacramental programs.
- If families are in financial distress, and unable to support the parish, we ask that they contact our parish business manager for a confidential discussion. *No child will be denied a place in our program for financial reasons.*
- For those who wish to utilize PSR but do not attend the weekly liturgy, do not support the Church, or have not contacted the business manager, the PSR fee is \$250 which covers the actual cost of PSR per family each year.
