

Mrs. Jessica May, B.S.Ed.

Media Specialist (Library/Technology), St. Angela Merici Parish School

Mrs. May joins us as our new Media Specialist, which will include library and computer. She has her degree in education from Mount Union College. As a former college athlete, Mrs. May will be joining the Girls on the Run program this year! She looks forward to creating a love of reading and an understanding of technology this year with the students.

Our mission is to promote a safe environment where students achieve the highest standards of academic excellence and to live our Roman Catholic faith in service to others.
